As lives and stories unravel at TMW Maxwell, a biophilic spectacle arises. Fronting the buzz of lively Maxwell Road are a series of vertically stacked gardens. Ascending from the pedestrian level in a breathtaking crescendo right up to the peak, these gardens are principally designed based on duality - versatile green spaces that adapt and change throughout any given day. While levels and amenities from the 4th storey onwards are exclusive to residents, the overall facade draws the admiration of all. Within it, a perfect synchrony of facilities, ambiences and spatial concepts.
